

Regional Government Services provides comprehensive communications to municipal agencies. Our team has developed and implemented a broad range of communications efforts for cities, counties, special districts and regional planning agencies throughout California. Our team has extensive experience in outreach in support of transportation and land use planning, utility rate and compliance issues, economic development, tourism and overall public information. We specialize in reaching out to underserved populations and managing controversial projects and issues. Our areas of expertise include:

- **Communications Plan Development and Implementation**
- **Strategic Planning**
- **Media Relations**
- **Government Relations**
- **Crisis Communications**
- **Social Media Programs**
- **Meeting Facilitation**
- **Graphic Services**
- **Audio Visual Production**

RGS has been an integral part of StanCOG's team, specifically for the Valley Vision Stanislaus effort. RGS is truly an extension of our team and we highly recommend the firm and its services.

– Rosa De Leon Park
Executive Director, Stanislaus
Council of Governments

RGS's expertise and knowledge of city government assisted us in developing effective approaches to crisis communications involving litigation, marketing efforts and overall communication strategies that still assist us today.

– Nancy Samuelson
Communications and Marketing
Director, City of Indian Wells
