

Regional Government Services (RGS) provides comprehensive emergency and disaster management program support to local government agencies. The RGS team has developed and implemented a broad range of emergency management programs, projects, and services for cities, counties, and special districts throughout California. The RGS team has experience in all phases of emergency management, including preparedness, response, recovery, and mitigation. We have in-depth knowledge of local emergency management programs and systems specific to emergency operations center (EOC) functionality and development, EOC training & exercising, response system functions, FEMA compliant records & claims management, and overall emergency management program design & effectiveness.

Our areas of expertise include:

- **Emergency management program assessment & design**
- **Emergency operations center capability & functionality**
- **Emergency operations center training & exercises**
- **Intra- and Inter-agency emergency management collaboration and coordination**
- **Cost recovery system design**
- **Internal & external emergency response communications**
- **Resource & asset tracking and accountability**
- **Agency continuity of operations**
- **Emergency plan development**
