

The RGS Webinar Training Series is a spin-off of our popular Leadership Academy in an immersive, virtual environment. Webinars provide an opportunity for busy agency staff, and past Leadership Academy participants to acquire additional skills on demand. Our series offers focused, timely, and relevant information in an interactive format, hosted by presenters with in-depth knowledge of the training topics and the complexities of local government. Our Webinar Training Series offers a number of advantages including:

- **Mobile learning on demand.**
- **Reduced costs for agencies.**
- **No travel time or lodging required for participants.**
- **Flexible options from home or office.**
- **Focused content.**
- **Platform to share successes and solutions via interactive interface.**

Webinars generally run 60-90 minutes and are recorded to allow participants to review key topics afterwards. Study guides, workbooks and other materials will also be made available based on the specific topic. The sessions are generally targeted toward supervisors and managers, but lead staff, and other positions looking to advance are also encouraged to attend.

## **Current Topics:**

- **Delegation: What is It & How to Do It**
- **Time Management**
- **Meeting Management**
- **Civility in the Workplace**
- **Employee Engagement**

If you have a topic you would like to suggest, please let us know. Our series is based on requests from past Academy Participants and our partner agencies.
