These Academy sessions are highly interactive virtual classrooms. They require attendee participation and attention. Attendees will participate in small group breakout room discussions and will be asked at times to share audio and video at times during the course. Please treat employees attending as if they are away at training and allow them time to focus and participate without job demands or multi-tasking.

The Academy is conducted in Adobe Connect learning platform. The course requires you to download the Adobe Connect application. Additional requirements include a strong internet connection (LAN cable preferred), computer/laptop or tablet, as well as a telephone to dial-in for the session audio. A headset is recommended as well for a hands-free experience.

Click the following links to see [Adobe attendee system requirements](#), to [test your connection](#), and to [get a quick overview](#).
